Charlie, I am pleased to appoint you as one of the members of the first Safety and Housekeeping Action Committee(SHAC). The other SHAC members are Ray Rosenberg, Chairman; Jim Bolton, Leonard Schwab, Bob Maute, and John Rasmussen.

As you know, our safety program this year emphasizes people involvement. Therefore SHAC's first assignment will be to implement the new safety organization working toward achieving an accident-free, injury-free plant.

Good luck, and I look forward to meeting with you periodically to review progress.
