Dear Harry,

As we discussed by telephone, I would like Dr. Nick Sargent of the University of Southern California to re-read all radiographs taken on 90 of the Libby workers. These are workers who have had at least one film with fibrosis or pleural change.

With your approval, Nick could read these in Libby, but prefers to do it in Los Angeles. I could collect the films when in Libby the week of November 28, and take them to L.A. the following week. Let me know if this is satisfactory with Grace.

Sincerely,

Harlan Amandus
