Date April 10, 1978
Subject Great American VCM Quality Specification

I have just received a copy of the subject specification attached to a letter from R. L. Gossard to John Floros of Great American. Please move through Ponca City to issue a new specification page for Great American to replace the one presently in existence. The present specification carries the number 08-5000-07. I would assume the new specification should carry the same number and show a revision date.

A handwritten signature in cursive script, appearing to read "J. A. DeBernardi".
