**Subject:** Collaboration to stop invasive palm weevil

A good news story about ISCA Technology's collaboration with UC Riverside to stop the invasive South American palm weevil was in The (Riverside) Press-Enterprise on Sunday. The weevil is now devastating palm trees in southern San Diego County and is moving toward Orange, LA and Riverside counties.

Here is the link: <http://www.pe.com/2017/11/03/ucr-and-riverside-firm-scramble-to-stop-invasive-weevil-from-decapitating-southern-californias-iconic-palm-trees/?preview=true>

Feel free to forward, post or tweet the link.

Cheers,

**David Danelski | Communications Director**
