Dear Tom:

Walt Finch has reviewed the expenditures associated with the installation of the pressure and temperature recorder on the batch water strippers at Oklahoma City. He has agreed with the total cost of \$2,188.21 compared to the approved AFE amount of \$2,776.72. As a result, the credit due Conoco totals \$588.51, which I understand matches with you records. Conoco's Accounting Department has been instructed to invoice Vista, which will be directed to your attention.

We appreciate Vista's careful management of this small project such that money was saved.

Sincerely,

H. Jack Neeld
