Dear [REDACTED]

I hope this email finds you well.

We are preparing for our exchange on 20 June and are wondering if there are any specific topics that you would like to address during the virtual meeting.

For us it would be interesting to learn more about the work of ECHA. The areas of work most relevant to us are occupational exposure limits substance evaluations, REACH and PFAS.

Moreover, since you had sent two Outlook invitations for the meeting and cancelled one of them, could you please confirm that this is the correct meeting ID (318 418 758 741) for the Teams meeting?

Kind regards,

Dear Ms [REDACTED],

thank you for your feedback. I think it's not feasible to find a suitable date in May since 20 May is a public holiday in Belgium and 24 May does not work for Ms Wölfle. What does Dr McGuinness' schedule look like on 18, 19 or 20 June? Would it be possible to schedule a 1-hour virtual meeting on one of these dates?

Kind regards,

Dear [REDACTED]

Thank you for your reply. Dr McGuinness' calendar is quite full in May and the dates that you proposed are unfortunately not possible. How about between 11:00-13:00 (Brussels time) on 20 May? Also on 24 May there might a change in her schedule, but I would know that only later.

Dear [REDACTED]

thank you for getting back to us. Unfortunately, Ms Wölfle has other engagements on the dates you proposed. Would the week after also work for Dr McGuinness?

Ms Wölfle would be available for a 1-hour virtual meeting on

- 13 May
- 14 May before 13.30 Brussels time
- 16 May in the morning

Please let me know if one of the proposed dates would suit Dr McGuinness.

Kind regards,

Dear Dr McGuinness,

I hope this email finds you well.

I am reaching out to you on behalf of Ilka Wölfle the Director of the German Social Insurance European Representation (DSV).

Under the umbrella of the DSV, the German Federal Pension Insurance (DRV Bund), the German Social Accident Insurance (DGUV), the National Association of Statutory Health Insurance Funds (GKV-Spitzenverband), the national associations for statutory health and long-term care insurance funds at the federal level and the Social Insurance for Agriculture, Forestry and Horticulture (SVLFG) have joined forces with a view to their common European policy interests.

DSV is closely following the work of the European Chemicals Agency since some of the activities that you are covering, like the potential restriction of PFAS and the assessment of chemicals, are relevant for the German social insurance. In light of this, we would like to request a meeting with you.

Would you be available for a meeting with Ilka Wölfle in May?

Kind regards,
