Versatile Spar Varnish is excellent for doors, drainboards and table tops . . . Lustrelac—the modern finish for furniture and small things. Satin Eggshell Finish—1 gallon $3.30

WHEN blithe, stimulating color costs so little, it's a pity to greet the day in a dull or dreary bathroom! A can or two of Satin Eggshell Finish—priced lower than in ten years—can change all that! Its modern wall and woodwork colors are delightful—azure blue, Nile green, flesh and many more. Its semi-gloss finish is both washable and wearable—the ideal finish where service is important.

And when you've done a colorful bathroom job—paint the floor *for nothing!* B-H Quick Drying Porch and Floor Paint comes in natural wood colors, almond green, Peking blue, Chinese red—to mention a few.

Like all National Lead products, these B-H Products are made of the finest materials. Always economical because they last longer, this year these paints and varnishes are doubly thrifty because they cost so little.

About color schemes, write National Lead Home Beautiful Department, 2210—24th Street, San Francisco. *See us about paints.*

YOU would be astonished too, if you could see this machine that turns out 750 Chesterfields a minute . . . and every one as near perfect as cigarettes can be made.

But please bear this in mind. It is what happens *before* the tobacco goes into this machine that matters most. Rolling and packaging are important, but not nearly as important as the selection, blending and treatment of the tobacco.
