

FORM B184 25M 6-58
PRINTED IN U.S.A.

Bestwall Gypsum Company

FOR Paoli DATE May 5, 1958 FROM Ardmore Purchasing OFFICE
ATTENTION OF Mr C. G. Shuttleworth SUBJECT LITE WEIGHT ACME PLASTER
ANSWERING YOURS DICTATED BY J. I. Trolley:mab

We enclose herewith copy of letter received today from Canadian Johns-Manville Company relative to two samples of 7D Asbestos Fibre which have been mailed to Paoli, attention of Mr. Watt.

As you know, we would like to have these samples evaluated promptly so that we can determine whether either grade will be satisfactory for shipment to Acme, Texas for use in the subject material.

You are aware that if we can use Manville's fibre that we can save a considerable sum of money by including our requirements of 7D Fibre in cars with 7RF.

We will appreciate hearing from you at your earliest convenience as to whether you ~~2~~ feel that either of these samples represents fibre which can successfully be used.
