Mr. J. R. Butler
Purchasing Analyst
Rockwell International
3500 North Ridge West
Ashtabula, Ohio 44004

Dear Mr. Butler:

We have had past correspondence on the 18 x 7 lining
that we have in our plant which you ordered for Mack.
Specifically, we have 1,352 pieces of your parts
2740-L-5081 and 2740-K-5082.

If you will send us an order which will permit us to
grind the above down to service thickness at \$.35 per
part, Rockwell will be relieved of the responsibility
of buying these from us. We understand that Mack will
give us an order for their service requirements. Please
send us a purchase order so that we can proceed.

Thank you for your cooperation.

Yours very truly,

A. F. Schmaltz
Sales Administrator
