Dr. R. A. Kehoe

Dear Doctor Kehoe:

On July 30th I wrote you in reference to a case reported to us by Mr. Maxwell of the Socony-Vacuum Oil Company. This concerned the illness of one [REDACTED], an employee in the Pipe-fitting Department in their Boston Division.

Mr. Maxwell has since been pressing me for an answer on what we want to do in the matter and I am, therefore, again calling this to your attention.

Very truly yours,

J. A. Costello
