- Milk Condenseries
- Dairy Plants
- Chemical Companies
- Steel Industries
- Paper Mills
- Textile Plants
- Rubber Processors
- Canning Companies
- Cereal Processors
- Breweries

HENSZEY Continuous Blowdown

Look at the wide variety of industries that take advantage of the low cost power and clean steam that a Henszey Continuous Blowdown System can provide. That partial list is a typical cross section of American industry. Which means that you, too, should consider a Henszey system in conjunction with your present or planned boilers. The Henszey system keeps boiler water concentration within safe margins — preventing foaming, priming, carryover, and the formation of sludge and scale (with proper chemical treatment). All this is accomplished continuously, automatically, and WITHOUT the heat loss of ordinary blowdown.

M Crater becomes transportation each responsible for central district activities in his respective field. Dr. A. H. Houchison has been appointed director of Westinghouse research laboratories, succeeding Dr. L. Warrington Chubb, who is retiring from active direction of the laboratories for reasons of health, has been named director emeritus and will serve in an advisory capacity.

Stephens-Adams Mfg Co has moved its Pittsburgh offices to 237 4th Ave.

Monsanto Chemical Co has announced retirement of Samuel W. Allender, assistant to president of the company since 1933. Allender will become a consultant on management and business administration with Monsanto as one of his clients. Charles W. Downs succeeded him at Monsanto's general offices in St. Louis. R. S. Weber has been promoted to newly created position of assistant to plant manager of John D. Queeny plant in St. Louis. James H. Ziemer succeeds Weber as manager of Norfolk, Va., plant. Karl Ellingsen succeeds Ziemer as assistant plant manager. James A. Wilson has been appointed production manager for Merrimac division, Mass. Russell L. Miller succeeds Wilson as plant manager at Merrimac. A sales office has been established at 41 Southwest 5th Ave., Portland, Ore., to handle all Monsanto products. It will be staffed by Baxter Pearson, representing chemical and plastic sales, and W. W. Hayes, in charge of coating and adhesive sales.

Andrew A. Priest has been named general manager of instrument div., Thomas Edison, Inc., West Orange, N. J.

R. R. Holmes has been made manager of building materials section, tar products div., of Koppers Co. In his new position Hamilton will be particularly concerned with sales of roofing, Plastipack protective metal and protective coatings. Thomas Battle has been named assistant to Hamilton. He will be assigned to merchandising of protective coatings for industrial maintenance, which will be handled through distributors.

McDonnell & Miller, Inc., Chicago, has announced appointment of Nils Swanson as a vice-president of the corp.

Black, Sivalls & Bryson, Inc., announces reorganization and expansion of foreign equipment dept of special products div. The program began Feb. 1, when C. C. Boettcher was assigned to job of handling quotations on special equipment and expediting production through the plant. At the same time, C. C. Zircher was given the job of handling processing of orders and keeping statistics on sales and shipments.

Incorporation of Electric Equipment Co. with headquarters at 200 Troup St., Rochester, N. Y., has been announced by Sidney Gilbert, president. This business is devoted to sale of new motors and control equipment to dealers and users of electric equipment. This company is a subsidiary

IT'S PROVED! IT'S PATENTED!
CHASE
ANTIMONIAL ADMIRALTY

PROVED: through thirteen years of outstanding service in industry. Patented: the minimum set forth in Chase Patent No. 2,061,921 is .007% antimony. However, a minimum of about .015% is indicated over a wide range of applications. And Chase Antimonial Admiralty Condenser Tubes contain nominally .035% to allow for commercial variation sometimes encountered.

This gives you a very strong safeguard against dezincification.

It pays, then, to specify Chase — it's the safest way... and it costs no more. Write or phone your nearest Chase Warehouse or Sales Office for quotation and delivery.
