Re: Curtiss-Wright Employees
Edwards Civilian Medical Center

Dear Dr. Kehoe:

This refers to your letter of January 10th on the
above subject.

I believe now the confusion and other details on
this unfortunate situation relative to the examination of
Curtiss-Wright employees at Edwards Air Force Base, California,
are now set straight.

My purpose in writing this letter is to let you know
that while the bill for the examination of certain parties was
addressed to me, that I was uncognizant of any of the proceedings
in this particular case until I received your letter. In fact,
when the invoice arrived in this office I was on vacation in
Europe. Apparently, my name was given to the Edwards Medical
Center as the one to whom their invoice should be sent and
thus I entered into the picture.

I understand from Dr. Doty, Ted Lettelfield and
Hume Chenault that by now you have been given all the pertinent
details on the matter, so I will not further expound on them.

With best personal regards,

Sincerely yours,

A. B. Wyrick
