Re: 91-C-654031
John Faulkner vs. Armstrong Cork Company

Gentlemen:

This matter came on for trial on January 14, 1964 at Long Beach before Referee Wood. The applicant was present, represented by his attorney, Mr. Berson. Your company was represented by this office. Various co-defendants were also represented.

DISPOSITION:

Standard Accident Insurance Company was dismissed as a party defendant.

COMMENT:

As advised in your recent correspondence, it appears that your company did not have coverage of Armstrong Cork Company at the South Gate plant. We advised the Industrial Accident Commission and applicant's attorney of this fact, and made a motion for a dismissal. Applicant's attorney made no objection and the above disposition was made. It is anticipated that an Order will issue in the very near future, of which we will keep you advised.

Very truly yours,

Dear Mr. Dalebroux:

Subject: John Faulkner
vs
Armstrong Cork Company
A42-57862
IAC No. 63 LB 22467

According to our records, Mr. Faulkner was never employed by the South Gate Plant.

It is conceivable that he worked at the South Gate Plant during 1950 but this would not be as an employee of the plant. Mr. Faulkner may have been employed by our Contracting Division in the performance of an insulation contract at the South Gate Plant, but all records for this division prior to 1957 have been destroyed and we have no way of substantiating such employment.

We are sorry that we cannot be more helpful to you.

John Faulkner vs.
Armstrong Cork Company
A42-57862
IAC No.: 63 LB 22467

Gentlemen:

We are one of several co-defendants in an action brought by the applicant for recovery of workmen's Compensation benefits as the applicant alleges that he was an asbestos worker and claims injury to his respiratory system because of exposure to dust.

Our records indicate we were the Workmen's Compensation carrier for your South Gate, California, plant from January 1, 1944 through December 31, 1951. At a hearing recently, social security records were produced indicating that Mr. Faulkner worked at the South Gate plant from March, 1950 to December 31, 1950.

We checked with your South Gate plant, and your personnel department there advised us that they have no record of Mr. Faulkner ever being employed at the South Gate plant. We also checked with the Armstrong Contracting and Supply Company here and they were also unable to locate any record of employment of Mr. Faulkner.

They suggested that we contact your office indicating that you had records of all past employees which also indicated the place of employment.

We would like to know exactly when Mr. Faulkner was employed by your company and at what plant he worked. We would also like a job description.

Your assistance in this case will enable us to better defend your company for our period of exposure. For your convenience in reply, a self-addressed stamped envelope is attached.

Sincerely yours

O
Gentlemen:

I have for acknowledgement your letter of the 24th, with reference to the above case.

P
I talked with Mr. Hughes of the Armstrong Cork Company by telephone today, he advised me he understood that the South Gate Plant of the Armstrong Cork Company was insured by the Employer's Mutual Insurance Co. and that all other operations of his Company in California were insured by your Company.

Y
He further advised that records going back to 1950 had long since been destroyed. He further stated that he could not see how the claimant would suffer respiratory trouble while employed at the above mentioned Plant.

I'm very sorry that our records as of that date have long since been destroyed, and no further information can be given your office.

Dear Sir:

Subject: John Faulkner, Claimant
California Workmen's Compensation Case 63 LB 22467

Enclosed is a Notice of Time and Place of Further Hearing on the workman's compensation claim of John Faulkner. The hearing is scheduled for 9 A.M. on September 18 before the Industrial Accident Commission of California at 236 East Third Street, Room 237, Long Beach, California. Armstrong Cork Company is named as a defendant since the applicant alleges employment with us during 1950 and 1951.

Standard Accident Insurance Company was our insurer in 1950 and 1951. Please pass the enclosed Notice to Standard Accident so that it can appear in our behalf.

Unfortunately, all of our payroll records prior to 1956 have been destroyed and it is impossible for us to determine if John Faulkner was employed by us at the times he alleges.

We have enclosed copies of all correspondence in our claim file for forwarding to Standard Accident Insurance Company.

August 19, 1963

Dear Bob:

I'm enclosing the attached papers to you in the hope that through you they can find their rightful answer. The applicant, a John Faulkner, is claiming that we and several other employers caused injury to his respiratory system.

This situation came to my attention some few weeks ago when we received a letter from Employers Mutual requesting information about Faulkner, as if he were one of our employees. A check in our files revealed that he was not and I called Mr. Dalebreux to see if a mix-up in names might have occurred. During our conversation it developed that we, as a company, are also involved. I asked him to send any pertinent papers and this is the result.

Let me know if I can help in any way.
