Mr. Robert J. DeWitte
Product Engineering
Whirlpool Corporation
Evansville, Indiana 47727

Dear Robert:

On July 8, I responded to your request regarding the presence of Proposition 65 chemicals in PVC compound from Premiere Polymers. That response was incomplete.

PVC compounds sold to suppliers of parts to Whirlpool may also contain lead. The lead content varies, depending on the specific electrical compound used.

Sincerely,

Thomas G. Grumbles, C.I.H.
Environmental Quality Manager
