Dr. R. L. Kehoe
Director of Lab.
University of Cincinnati
Cincinnati 19, Ohio

Dear Dr. Kehoe:

If it is possible, would you be so kind
as to advise us how many parts per million of lead
are found in gasoline which has not had T.E.L. added.

We are using gasoline here for cleaning
purposes and, of course, it is that which has not
been "leaded".

Thank you very much for any information
you can give us on this subject.

Sincerely yours,

C. L. SAVAGE, M.D.
Medical Supv.
