

December 5, 1940

File: 50-2

Mr. W. L. Kennedy, D.T.M.
The Anaconda Company
Butte, Montana

Dear Bill:

Please refer to Mr. Erickson's letter dated November 30th advising you of the routing instructions to apply on Zinc Baghouse Fume shipments from East Helena, Montana to Coffeyville, Kansas.

Near the end of November the East Helena office called us two times requesting routing instructions and we in turn waited until the last moment and inquired with Mr. Erickson's office in our daily telegram. On November 30th we talked with Anaconda Sales Company personnel and obtained a routing as furnished by Mr. Burke, MP COW UP MKT.

This morning we received a copy of Mr. Erickson's correspondence addressed to you and took the liberty of mailing a photostat copy to Mr. Thompson at East Helena since they were inquiring with this office for the information.

As a suggestion, could you make arrangements for the New York Traffic office to mail a copy of the routing instructions to Mr. Thompson?

Yours very truly,

R.S. Shuman

Mr. R.S. Sharar, Supt
The Anaconda Company
Traffic Department
Great Falls, Montana

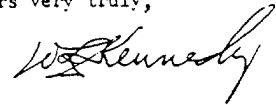

Dear Rudy:

No doubt you have received a copy of Rudy Erickson's letter of November 30, file: 440-520-W-33- E, with which he enclosed a copy of Mr. K.J. Sutherell's letter of November 28 specifying routing instructions for Sherwin Williams December requirements of Zinc Fume from East Helena to Coffeyville, Kansas.

I am assuming that you will pass this information on to Mr. Thompson at East Helena to route the December shipments NP - CGW - UP - MKT.

Yours very truly,

WLK:amd
