DOC#: THAN041

DOCUMENT DESCRIPTION: Letter to Corporate Risk Management RE Asbestos Handling

Thompson-Hayward Chemical Company

January 10, 1980

Mr. Thomas J. Hassett
Director
Corporate Risk Management
North American Philips Corporation
100 East 42nd Street
New York, New York 10017

Re: Asbestos

Dear Tom:

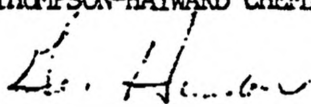

Referencing your letter of December 20, 1979 regarding asbestos handling, the attached information is submitted.

On your question number 3, I might add to Bob Mann's comments. We were established as a distributor on April 1, 1960. Prior to that time, our Houston and New Orleans branches had handled the product for three or four years.

By copy of this letter and attachments to Sandy, we trust that her questions of January 4, 1980 will be answered fully in reference to a current litigation.

Sincerely,

THOMPSON-HAYWARD CHEMICAL COMPANY

E. K. Herndon
Assistant Secretary and
Director of Risk Management
