All,

In addition to getting a prep call set up, I wanted to share an additional opportunity to engage IF it works for Deputy Secretary Danly's schedule.

After the Summer Seminar on the afternoon of Tuesday, August 12th we'll be hosting our international members and guests an opportunity to convene in a roundtable discussion (~15 to 20 people) to explore key takeaways from Summer Seminar and allow for an open exchange of ideas around applications of AI around the world. The roundtable will take place from 1-2:30 p.m. PT and we'd like to extend an invitation to the Deputy Secretary to participate as well.

Please let me know if you have any questions and appreciate the consideration, especially in the context of already spending time with us Monday morning for the Fireside chat session.

Wishing you all a wonderful close to your weekend,
Morgan

Hi Juan, Andrea, and Ben,

It's a pleasure to connect. Could you please share a few date/time options over the next two weeks when the Deputy Secretary might be available? We'll do our best to accommodate his schedule. Once we have that, I'll coordinate with Chris Womack's team and sync calendars.

In the meantime, would you mind sharing his email so we can include him on the invite list? I'll also need a headshot and brief bio. I understand his Chief of Staff will also be attending.

@Varela, Juan, can you confirm if that's you and I can include your email on the invitation list as well?

Thanks so much for your help!

Best,
Aguarin

Good Evening,

(and moving Rob to Bcc to protect his inbox)

Appreciate the patience with my follow-up. I've copied on @Iriarte, Aguarin who can help us to get a prep call scheduled. We will try to coordinate with Chris Womack's prep team best as possible so we can align together, but will of course be flexible to your schedule.

On the call we'll talk through both content and logistics, but if there's anything you need in the short-term, please don't hesitate to ask!

If we don't connect beforehand, wishing you a wonderful weekend,

Hi Rebecca and Starlette,

I hope this note finds you both well. Following up on Isabelle's message below, I wanted to kindly check in regarding Deputy Secretary Danly's availability to deliver a keynote address at EPRI's upcoming Summer Seminar.

As previously noted by Secretary Wright, he had indicated that in the event he was unable to attend, Deputy Secretary Danly would be the likely participant. For your convenience, I've reattached the DOE Event Request Form we shared earlier.

Given the timing of the event, we'd greatly appreciate a near-term reply so we can proceed accordingly with planning.

Many thanks, and I look forward to hearing from you.

Dear Izzy,

I hope this message finds you well.

I wanted to kindly follow up regarding Secretary Wright's potential attendance at EPRI's Summer Seminar. As mentioned previously, our CEO, Arshad Mansoor, recently met with Secretary Wright at the Oklahoma State University Hamm Institute AI event, where it was confirmed that either Secretary Wright or Deputy Secretary James Danly would be able to attend.

Please find the attached agenda and speaker list again for your reference. We would appreciate it if you could share these materials with the Secretary and let us know as soon as possible when we might expect confirmation, so we can provide additional details and coordinate logistics accordingly.

Additionally, please note that we are resubmitting the event request form that we submitted April 9, 2025 for your consideration.

Thank you very much for your assistance. We look forward to your response.

Rob
