C.G.A. called

Wants all bag information
on U.S.G. & Natl. Acoustic
plaster & application specifications
for our material for field
test. going to ship 5 tons our
new formula to St. Louis
for trial and a few bags to
E-Z-on Corp. Wants new
materials ordered to make
25 tons acoustical plaster at
44 Dodge. Intends for someone
to follow this and gun
application plaster in field
with Robertson Plastering Co
and Neihans Plastering Co
who say Natl. neat plaster
better for gun application than
either U.S.G. or Bestwall. Also
wants site mix. checked in
comparison with Gypsolite.
going to have sample of Natl
neat plaster & Gypsolite sent
to us. (over) JKW.

Called E.E.C. back with
regards to reducing the
quantity for field trial -
He agreed to getting the
necessary raw materials
for making 5 tons instead
of 25 tons.
