Re: E.I. DU PONT DE NEMOURS AND COMPANY
Mex. Pat. appln. No. 192468⁴ corres.
to U.S. Serial No. 258.872 - Your -
Ref: CH 1175 COOMBE - Our Case 363-P.

Dear Sirs:

As we previously advised in different correspondence and in our important information letter of January 1982, among other important changes that the Regulations of the Law of Inventions and Marks introduced, it was included in such Regulations Article 13, which in general terms establishes that all pending applications which have not received any action from the applicant for one year, they (the applications) will be abandoned unless a petition demanding Official Action is filed before the Mexican Patent and Trademark Office.

Considering that as you no doubt will understand the control of the one year term became to be quite a burden to our firm, we have taken the Liberty to file petitions demanding Official Action, in all cases that we handle on your behalf, without requesting your specific instructions to do so. Obviously the petition demanding Official action has been filed only in those cases where a year was to expire without receiving any decision from the Mexican authorities.

Therefore, we are glad to report that the petition demanding Official action, has been filed on the matter (s) that we are listing in the attachment to this communication.

We are hopeful that our intervention herein will prove helpful, bearing in mind that we acted on the principle followed in our practice, that all matters should be kept alive unless otherwise instructed.
