Subject: John T. Lewis and Brothers Co.
Merger into National Lead Company

In response to your question concerning the 27 tax returns covering the years 1950-1976 received from the State of Pennsylvania, I was advised that only one form representing a composite of the subject years is required of a dormant corporation.

Please complete a single return for 1950-1976 and prominently title it "Composite Tax Return."

A skeleton affidavit must be included with the return. The affidavit must state that the company had no property or assets during the period in question. Please check to be certain that such a statement would be factually correct for John T. Lewis. Upon receiving the form affidavit from Pennsylvania, I will have it executed, providing Lewis has not held property or assets since 1950, and forward it to you for inclusion with the return.

Additionally, a minimum filing fee of \$166 must be attached to the return. The fee reflects the following schedule:

<u>Years</u>	<u>Amount</u>
1971 forward	\$10 per year
1969 & 1970	\$ 7 per year
1967 & 1968	\$ 6 per year
1950 - 1966	\$ 5 per year

The completed composite return and the related fee and affidavit should be sent as a single package to: Ms. Linda Sutton, Bureau of Corporate Taxation, Judicial Section, 305 Finance Building, Harrisburg, Pennsylvania 17127.

Please send me a photocopy of the submission.
Thank you.
