At Church

Times-County News Service

SAN BRUNO, October 28—St. John's Evangelical and Reformed church will start a membership drive November 6 with their goal set at a 12 per cent increase in membership.

Sunday a festival of faith will be held, also reformation and church council. During the week starting November 6 a member of the visitation committee will call upon members asking them to attend service from that date until Christmas.

Vesper service will continue during the months of November. A bazaar will be held in the Workers guild on November 3. The chancel choir will meet on November 3 and the youth choir on November 5.

MacArthur's No. 1 trust buster said today the Japanese are openly trying to revive the old system of cartels and controls associations particularly in foreign trade.

Edward C. Welsh, former economics professor at Ohio State Uni- will be discussed when he goes to Washington. He leaves Sunday for consultations.

As chief of MacArthur's anti-trust and cartels division, Welsh is recognized as the official most responsible for decentralizing Japan's big monopolistic industries.

THREE TYPES U. S. OYSTERS

Three different types of oysters are taken from United States waters, the large native eastern oyster, the small native Olympia oyster found on the west coast and the large Pacific coast oyster.
