Mr. Manfred Bowditch, Director,
Division of Occupational Hygiene,
The Commonwealth of Massachusetts,
23 Joy Street,
Boston, Massachusetts.

Dear Manfred:

A thousand thanks for the paper
by Dr. George and Dr. Leonard on the asbestos
situation. It is a scholarly work and I have
read it with a lot of interest.

I am still aware of the fact that
I ought to be getting together with you but,
on the otherhand, the problems incident to
the present upset conditions of the world
seem to be multiplying rather than lessening,
and I am pretty nearly frantic.

Sincerely yours,

Franklin Jones
