An attractive reception given by Mr. and Mrs. Douglas followed the ceremony at the Douglas school for girls when about fifty relatives and friends were present. The rooms were decorated in gladioli of various colors. Flowers adorning the altar of the church were also of white gladioli and chrysanthemums.

Miss Douglas is a graduate of the University of California of the class of '29, and is a member of Pi Sigma Gamma sorority. She has made a trip to Japan since her graduation. The groom is the son of Mr. Bert Jefferson of Idaho. He was also a student at the University of California and a member of Sigma Phi Epsilon fraternity. Mr. Jefferson is now technical director for KFWI in San Francisco.

NEIGHBORS' CLUB TO ASSIST AT FAIR

At a lengthy session of the Neighbors' club in Pacific Grove a committee of ladies was appointed to assist for one day at the Monterey county fair. The ladies are Miss Lillian Ayers, Mrs. Florence Banham, Mrs. Maude Greene and Mrs. Lillian Radcliff.

Reports by the members who are each looking after one of the thirteen parks in Pacific Grove, were given. The Misses Jamieson have outlined considerable plans for the improvement of Greenwood park, which is opposite their home. The Neighbors' club will be glad to have any shrubs which are being thinned out from gardens, to be transplanted in one of the city parks. Persons may notify Miss Lillian Ayers at 1172-J. The members also decided to purchase some poppy seeds to scatter in the park which is being looked after by Mr. Berwick.

A rummage sale will be held the first week of November to raise funds to carry on their improvement of city parks. Mrs. Frank Bullen will be in charge of the sale. Her address is 229 Seventeenth street, and her telephone 826-M, and if articles cannot be sent she will make arrangements for calling for them. Mrs. Maude Greene on Esplanade and Ocean, 2007-J, will store the articles until the sale.

Another point decided at the meeting was to merely convene once a month, on the third Friday. More business will be transacted at the meeting, and less time given to the social aspect.

LITTLE HOUSE GARDEN TRIBUTE TO MRS. HOOVER

With ferns, mountain laurel and wild roses from President Hoover's camp on the Rapidan, the grounds surrounding the Girl Scout Little House at Washington, D. C., are being developed into a Memory Garden as a living symbol of Lou Henry Hoover's interest in Girl Scouting. Following Mrs. Hoover's lead many other noted men and women are presenting plants and flowers to add to the garden's charm and historical value. Many of these have been transplanted from famous estates.

A Dorothy Perkins rosebush clammers over the Little House as a token of Mrs. George Akerson's esteem. George Akerson is the president's secretary. Two boxwood trees, rich in tradition, were given by the owner of the famous Gunston Hall, Virginia.

Mrs. Harley Payton Wilson of Hollin Hall, Alexandria, Virginia, deprived her garden of prize winning dahlias that the Little House might benefit and Mr. and Mrs. William Stephen Corby gave a hydrangea from their Chevy Chase estate. The rock garden at the Little House becomes the repository of unusual rocks and pebbles from all parts of the country.

Girl Scouts everywhere are now making Memory Gardens of their own, with the cooperation of local garden clubs, following the lead of the Nation's First Lady.
