Holly

The good news is you get the guy in charge. Please meet John Hawkins. You will be working directly with John. I have included him in this email.

Don - Could we do 5PM? Our security team arrives in Austin at 3:30PM.

Paul – I'm in Austin already, could I meet you today or tomorrow to pick up credentials for the EPA team? What information do you need from us?

Thank you all for your help!

Holly

I am forwarding this email to Paul Schlegel, he will direct you to the individual managing credentials.

Secondly, my flight arrives tomorrow at 2:15. I will be happy to escort you and the Administrators' security team on a walk-through in the 4:00 range.

Not yet. Who would be the best POC for credentials?

What time tomorrow would work to do a walk through?

Talk soon!

I am not in Austin now – but I will be there tomorrow afternoon. You are welcome to call me at my desk 202-406-3667 or on Cell 202-316-4985. I will do my best to get you scheduled for a run-through.

Holly – have you guys been given the proper credentials to move around our convention?

Hello Don,

Are you on site today where we could meet and run through EPA Administrator Wheeler's participation in this weekend's events?

I'm in Austin and I'm free today and tomorrow if that works for you. I've also looped in our security lead, Jed who arrives tomorrow.

Talk soon!
