Dear Bob,

You will recall that on our way back to Detroit from the St. Clair Inn, you and I sat in the bus discussing certain aspects of medical education. At that time you expressed some viewpoints which impressed me as very sound. You intimated that you had expressed these in writing and that you would mail me some material dealing with this subject. I well appreciate your busy schedule but I wonder if you had forgotten that discussion. At any rate, will you dig them out at your convenience and mail them to me.

With best regards and looking forward to visiting with you again, I am,

Sincerely,
