Lee B. Grant, M.D.
Medical Director
Pittsburgh Plate Glass Co.
One Gateway Center
Pittsburgh, Pennsylvania 15222

Dear Dr. Grant:

Please pardon the delay in answering your letter of February 14, 1968. The samples from the Port Allegany and Tyler plants were extremely heavy, as would be expected from the impinger results, and they took a long time to count. We have just finished and the data is being processed. The results should be on their way to you in about three weeks.

Dr. Cralley has been out of town and he will communicate with you later on the medical phase. Thank you for your interest and co-operation.

Sincerely yours,

Jeremiah R. Lynch
