copied and reviewed, will be produced. The Buyer has original engineering drawings over time and change orders for products. Buyer considers certain engineering information to be proprietary. Catalogs being produced provide detailed drawings. Documents responsive to this request have been produced in response to Request for Production No. 1 and potentially one or more other Requests.

REQUEST NO. 27:

Any and all writings or documents of any nature whatsoever referring, reflecting, concerning or relating to in any way the use by this Defendant of any other company's name, trademark or logo on any asbestos-containing product sold, distributed, applied, installed or removed by this Defendant.

RESPONSE:

See Answers to Interrogatory Nos. 21 and 130 in Dana Corporation's Supplemental Answers and Objections to Plaintiffs' Interrogatories Regarding Warner Electric Brake & Clutch Company Pursuant to Order Dated October 20, 2003. Documents responsive to this request have been produced in response to Request for Production No. 1 and potentially one or more other Requests.

REQUEST NO. 28:

Any and all writings or documents of any nature whatsoever referring, reflecting, concerning or relating to in any way whether any director, officer, employee, agent or consultant
