REDACTED

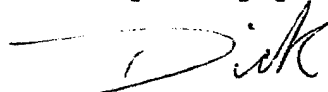

RE: v. Sherwin-Williams
File No.: 487CBBM83392T

Dear Mary Lee:

I enclose a copy of correspondence I recently received from Peter Mills, Esquire, the employee's lawyer. You will note that the employee claims his average weekly wage should be boosted to \$839.91 in view of commission payments he received from Sherwin-Williams. What do your records indicate relative to this? Have you had the opportunity to evaluate this case for lump-sum settlement purposes? The evidence will close soon. Kindly contact Sherwin-Williams and see if the figures contained in the wage statement accurately reflect all of Mr. [REDACTED]'s income. Please let me know what you come up with.

Thank you for your assistance.

Very truly yours,

Richard N. Hewes
