

1 Q You, by chance, didn't bring a copy of your
2 Master's thesis with you, did you?

3 A Of course not.

4 Q Well, I asked because we tried to get it
5 from the University of Pittsburgh. And that is where
6 you got your Master's, isn't it?

7 A Yes.

8 Q They didn't, apparently, have a copy.
9 Do you have a copy of it at home? In fact,
10 in deposition didn't you testify that it might be in a
11 box in the garage?

12 A I may have a copy somewhere. Most people do
13 not go back and read their thesis after 20 years.
14 That is a mistake most people do not make.

15 Q Dr. Wong, now, if -- strike that.

16 Can you tell us generally how many cases a
17 year you review for the industrial companies you work
18 for?

19 A I don't know how many cases. I probably
20 spend about 30 percent of my time doing consultation
21 in matters related to litigation.
