The Kettering Laboratory
College of Medicine
Eden Avenue
Cincinnati, 19, Ohio

Dear Bob:

I have your letter of February 19th on stabilization of tetraethyl lead to oxygen. I am not familiar enough with the matter to advise you, but I am sending a copy of your letter to the laboratory and I am sure Dr. Beatty can give you the story, whatever it is.

With kindest personal regards.

Very truly yours,

Graham Edgar
