Subject: Meeting request

Dear Samantha,

I would like to see if I could bring several of my members in to meet with you and Brittany following our submission to EPA's evaluation of existing regulations on May 15th. We could provide a brief overview of our industry and then discuss a few of the key points from our comments. As most of my members would be flying in to DC for this meeting, I will very likely be trying to coordinate other meetings there at EPA while they are in town. If you could please let me know whether this meeting request would work for you, I can then coordinate with Robin on logistics. I was thinking this meeting could be sometime in May or early/mid June.

I hope you are well. Thank you very much for your consideration.

Best,

Paul
