

Lead Industries Association, Inc.

232 Madison Avenue • New York, N. Y. 10017 • Telephone: (212) 879-8080

Subject:

February 13, 1973

Membership In the
LIA Environmental
Health Committee

To: The Official Members Of The Lead Industries Association, Inc.

In order to more fully utilize the LIA Environmental Health Committee and to increase its active participation, we propose that the scope and responsibilities of this Committee include the following:

- (1) That the Committee make recommendations on specific public relations activities to be undertaken in the Environmental Health field.
- (2) That it recommend to the Industry Development Committee specific projects which may require funding. These may include recommendations on manuals or booklets to be prepared and published.
- (3) That it suggest areas of activity for the LIA Staff in the Environmental Health field.
- (4) That it suggest areas requiring ILIHO research in the Environmental Health field.
- (5) That it recommend specific public relations activities in the Environmental Health field.
- (6) That it make recommendations on the long range Environmental Health needs of the industry.

In line with the above suggested scope, we would like to be sure that we are drawing on all of the expertise that is available to us within the industry. Therefore, if you do not already have a representative on this Committee, we invite you to appoint one. To assist in selecting the proper person from within your firm, we have attached a list of the present members of the LIA Environmental Health Committee. Please indicate on the enclosed form the party whom you wish to appoint or reappoint to this important Committee.

Thank you for your cooperation.

Jerome F. Cole, Sc.D.
Director, Environmental Health
