

Antique and Rustic Came Lead

PLAIN AND REINFORCED
 Sold in the following sizes: 5A 5RR

Width of Flange	Height	Approximate Weight per 6' Length
1 inch	3/16 inch, plain	51 ounces
3/4 inch	3/16 inch, plain	39 1/2 ounces
3/4 inch	3/16 inch, reinforced	43 1/2 ounces
5/8 inch	3/16 inch, reinforced	49 ounces
5/8 inch	3/16 inch, plain	35 ounces
5/8 inch	3/16 inch, plain	34 ounces
1/2 inch	3/16 inch, reinforced	39 ounces
1/2 inch	3/16 inch, reinforced	34 ounces
1/2 inch	3/16 inch, plain	29 ounces
3/8 inch	3/16 inch, plain	24 1/2 ounces

THE reinforcing, in the four sizes of reinforced comes listed above, consists of a steel bar embedded between the two hearts and milled in. Water-tight and air-tight. No chance of corrosion of the steel bar.

The plain sizes are single heart comes without reinforcement.

Prices of antique and rustic comes will be furnished on application and will vary with the lead market.

Packed in six-foot lengths in boxes.

Closed Slot Reinforced Came Lead

THESE comes, like the antique and rustic reinforced styles described above, have the steel reinforcing strip embedded between the two hearts. They are therefore thoroughly protected against corrosion.

Packed in six-foot lengths. One hundred pounds to the box.

Prices of comes will vary with the lead market. Write to nearest branch for price list. Reinforced comes, as well as other came lead and solder, can be supplied by the following branches:
