

November 28, 1922.

Dr. Frederick C. Shattuck,
135 Marlborough Street,
Boston, Mass.

Dear Dr. Shattuck:

The corporations who have had direct relations with us
are:

New Jersey Zinc Company, 160 Front Street, New York City
Luston Company, 44 K Street, South Boston, Mass.
Ludlow Manufacturing Associates, Boston, Mass.
Boston and Maine Railroad
American Gas Association, Chicago, Ill.
American Steel and Wire Company, Worcester, Mass.
American Institute of Lead Manufacturers,
% Mr. F. E. Hammar, 2119 Railway Exchange Building,
St. Louis, Mo.

In all of these cases there has been a consulting
relationship resulting in definite service from us. My previous
experience leads me to feel that it is not politic to attempt
to get permission to use the names of these companies in material
which they cannot themselves see prior to publication. If,
therefore, you can write your paper and send me a copy of it, I
will see that it goes the rounds and will get it back to you as
early as possible.

I believe that we came through all right with Mr. Swope.

Very sincerely yours,

Cecil K. Drinker
