Discussed case with our atty Al Moresi
(415) 781-6676. He needs the name of
all our prior W.C. insurance carriers
thru 1950. In addition he needs the
background of the Oakland plant + the
amounts of asbestos used as insulation
at the plant.

I called Dale Hitchcock at the Oakland
plant to discuss the asbestos matter with
Bob Burke to determine whether he can
provide info or know of someone who can.

Per TMLocken carrier for prior to 1950
to 12/77 was Liberty Mutual, 12/77 to
8/81 was Aetna. 8/81 to present - we're SI.
