Dr. Robert A. Kehoe,

Dear Dr. Kehoe:

I acknowledge with thanks receipt of your letter of March 25th and I am indeed somewhat disappointed that you will not be able to accompany us to Baton Rouge. I had rather looked forward to your going along. However, I realize affairs at Cincinnati are undoubtedly pressing.

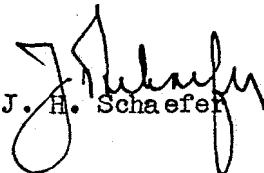

Will you please tell Willard that we will register at the Hotel Heidelberg in Baton Rouge so he will know where to contact us if he wants to do so before going over to Standard's Refinery?

I can appreciate your position with reference to the subject on information concerning the manufacturing plant. I, too, feel somewhat as you do but, of course, in a much lesser degree inasmuch as I have no direct association with our friends here. Nevertheless, I have enjoyed their confidence to a certain extent over several years and I have been told many things in a friendly way which I dislike to divulge too freely. It is my hope, therefore, that when this situation comes to a head information will be given freely by them which will eliminate my making all of the disclosures that it is in my power to do.

In the meantime, if it should be necessary for me to take the trip contemplated, I would certainly appreciate seeing you before going as I would like to have at least a general outline of the medical aspects of the situation for general information provided, of course, you will be willing to give this to me.

With best regards, I remain

Very truly yours,

J. H. Schaefer
