Hi Daliah – I can see if this is something for our Headquarters or regional office. What's your deadline?

Subject: Media inquiry - beer and wastewater
To: lynn.tricia@epa.gov

Tricia,

I'm a writer with TheBeerNecessities.com, a beer and culture website. I'm currently working on a story inspired by [Outside's recent quick hit](#) on breweries using wastewater in their beer. I'd like to dive a little deeper into the topic and during my research, I've learned that the EPA has some concerns about this process and shuttered a brewery in Georgia for using rainwater in brewing. I was hoping to get some clarification on the EPA's stance on this issue, what its concerns are, and if there is any potential for breweries to pursue this process.

Are you the right person to discuss this topic with? If so, do you have time for a short phone call this week? If you are not the correct person, could you please point me in the right direction?

I appreciate your time and consideration.

Best,
