Dear Dick:

On behalf of CMA, I would like to thank you again for the many courtesies extended to the assembled group by both you and the EHA staff at our recent conference. I personally was very pleased with the manner in which the meetings were conducted and walked away with the feeling that we accomplished what we had set out to do.

I look forward to receiving a cost estimate for the various tasks in the proposed study. We will then be able to discuss the program with the vinyl chloride research coordinators and eventually present our recommendations to the full project panel.

Sincerely,

Carol R. Stack, Ph.D.
Project Administrator
