PLANT
CANNAS
TROPICA

Many Availab
Nothing;
Any Fertil

If you want a
garden somewher
banana trees, try
Cannas, like Li
have come to st
bulbities might as
foliage and flow
atmosphere deli
with little expen
The roots are eith
asking or the b
may be secured
soil will do and a
Soils and fertili
other flowers will
splendid for them
A tropical spot
sarily wants to b
sign and brilliant
your cannas ca
Perish the thoug
or square beds. T
colors is taken ca
themselves but t
to strike a bala
scheme to have
as Hungaria, wh
with green leave
wonderful orange
or Queen Helene
green leaves. The
including The Pre
vermillion with
Ambassador, che
leaves.
If you do have
them in differen
low or else one
use the other for
Half and half of
little too strenuo
associations.
A shallow pool
bit of the tropics
be made a wadi
dren since child
one important
Neither can bus
tropical corner
into the kidde
harm done.
