

sions among scientists. Our conferences have been warm, fruitful and interesting."

The group, including scientists from Bulgaria and Romania as well as England, will attend an international meeting on instrumentation tomorrow at UC's Lawrence Radiation Laboratory.

During the test, the ground radar warning systems, plane crews, Navy ships, missile posts and other elements of the North American Air Defense Command (NORAD) had the opportunity to detect simulated enemy aircraft under combat conditions.

Counterattacks were made by jet interceptors at Hamilton.
