SUBJ: ETHYLENE OXIDE/BUTADIENE BAGGING STUDY WORKSHOP

The attached is regarding an industry sponsored workshop on bagging study methodology for ETO and Butadiene. The sponsoring groups have been working closely with EPA to gain acceptance of methodology to use when doing bagging studies for fugitive emission estimates.

This seminar is specific to ETO and BD but the principles may be transferrable to other gases. If we plan on any further work in this area, I believe this seminar would be valuable to attend.

March 6, 1990

TO: EO and BD Environmental
Task Group Members

FROM: Robert R. Romano *RRR*

SUBJECT: EO/BD Fugitive Emissions
Bagging Study

The chairmen of the EO (Ron Berglund) and BD (Jim Mullins) Environmental Task Group and I reviewed the four proposals we received for our upcoming "Fugitive Emissions Bagging Study for Ethylene Oxide and Butadiene Production Facilities." We selected the following firm to be the CMA contractor for this project:

Dr. Howard Ellis
Enviroplan, Inc.
59 Main Street
West Orange, NJ 07052
ph: (201)325-1544
fx: (201)325-8477

Please hold Monday, April 2, 1990 for the EO/BD Bagging Study Workshop. The workshop will be from 9:00 am - 3:00 pm at the Houston Airport Marriott, (713)443-2310 (Houston Intercontinental Airport, Houston). A meeting notice will be forthcoming.

The workshop is scheduled for you, your plant supervisor, and the plant individual or contractor who will do the work for you. Please make sure all of them attend. Attached is an attendance form, please complete the form and fax, (202)887-1237, it to me by March 13. Your response will help me in accommodations, lunch, and number of workbooks needed. If you have any questions please call me at (202)887-1198. See you in Houston on April 2.

BD/EO Fugitive Emissions
Bagging Workshop
April 2, 1990
Houston, TX
Intercontinental Airport Marriot Hotel

TENTATIVE AGENDA

9:00 am	Welcome & Introduction; Purpose - Jim Mullins, Shell
9:15 am	Administrative Issues - Robert R. Romano, CMA
9:20 am	Study Design - Ron Berglund, UCC
10:00 am	Review Fugitive Emissions Methods & Analyzers - Howard Ellis, Enviroplan
10:45 am	Fugitive Emission Bagging Guidelines - David Markwordt, EPA Ed Moretti, Radian
12:00 pm	Lunch
1:00 pm	Screening & Bagging Data Sheets - Howard Ellis, Enviroplan - QA/QC Check List - Data Forms
2:00 pm	Fugitive Emissions Bagging Experiences - Ron Berglund, UCC
2:40 pm	Coordination of Data - Robert R. Romano, CMA
2:50 pm	Closing Comments - Jim Mullins, Shell
3:00 pm	Adjourn
