Mr. Lee Hauser,
Pittsburgh Corning Corporation,
One Gateway Center,
Pittsburgh, Pennsylvania.

2nd
November
1970

Dear Mr. Hauser:

We are pleased to advise shipment has been made from Africa, consisting of 180 tons Grade D-11 Amosite Fiber, in pressure packed polythene lined hessian bags, on board the "William Lykes", to the Port of Galveston. This vessel is presently due Galveston December 7th.

Invoices and shipping documents will reach you in the usual way. We trust your material arrives promptly and in good order.

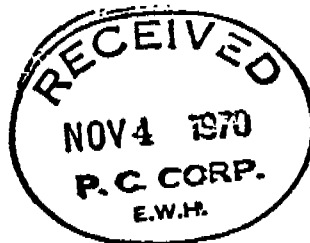

Sincerely,

NORTH AMERICAN ASBESTOS CORPORATION
