FILE L.C.M.

Miss Josephine A. Roche,
Assistant Secretary of the U. S. Treasury,
Washington, D. C.

My dear Miss Roche:

May I put in writing my appreciation of your courtesy as well as that of Dr. Sayers and Surgeon General Canning, on last Thursday. It was most helpful and encouraging to meet with the informed and helpful attitude of the U. S. Public Health Service. Dr. Sayers was generous with his time and with his helpful advice. This, however, was not new to us as we have experienced similar cooperation from Dr. Sayers and the U. S. Public Health Service over a long period of years.

I was especially grateful for the opportunity to discuss this problem of dust diseases with you and to find your understanding and constructive interest, which I am sure will aid substantially in the broad national study of this subject which is seriously needed.

Yours very sincerely,

W.H. Winans
Industrial Relations Department

cc - Dr. R. R. Sayers
Surgeon General Hugh S. Canning

E. R. W.

SECRETARY ROOHO'S OFFICE.

REPRODUCED AT THE NATIONAL ARCHIVES

FILE

February 7, 1936.

Mr. F. H. Winans,
Industrial Relations Department,
Union Carbide Company,
30 West 42nd Street,
New York, New York.

Dear Mr. Winans:

Thanks so much for your very thoughtful letter
of February 3.

I am glad if I was really helpful. As you know,
the whole question of this dust disease is one of deep
interest to me and I would be happy to facilitate even
in a small way a more constructive understanding of the
whole problem.

Thank you again for your interest.

Sincerely,

J. A. R.

Josephine Roche,
Assistant Secretary of the Treasury.
