Redacted

Thank you for your prompt advise of the subject employee's death.

We have been advised that Liberty Mutual had begun an investigation into the allegations made by Mr. [redacted]. Their physician was to review the hospital file and advise them of the medical basis of this claim. In view of Mr. Brownlee's death, we are more hopeful they will be able to devise a viable defense.

Please keep us advised of any significant activity of which you may be aware.
