Nevada Power Company v. Monsanto Company, et al.
USDC, District of Nevada Case CV-S-89-555-LDG (LRL)

have received part of your letter of this date
Nevada Power's exhibit 1118. We did not receive the
your letter. We did receive the page indicating
im of privilege on a document, and the second page to
ting the bates numbers of several documents. Could
d the letter again?

related note, the last set of bates numbers on the
your letter (the page we did receive) is a set of
cuments which Nevada Power has not yet received. Our
from Monsanto production is NEV 126697. The numbers
d are NEV 129741 - NEV 129756. My best guess is that
d ahead of your production. If you would please be
eceive a copy in Las Vegas by Monday (so that we may
bit number to it), and if you would please ask Bruce
ver is covering the deposition regarding Nevada Power
to produce an extra copy for Ralph Bradley on Monday
we would truly appreciate it. I appreciate your
this matter.

Sincerely,

BRADLEY & MERRELL
