intracompany memo

PLAINTIFF'S EXHIBIT

GP-1550

to	Mr. W. D. Brooks	location	Dallas Reg
from	D. C. Corkill	location	Portland
subject	ASBESTOS FREE READY-MIX	date	November 25, 1975

Just want to thank you for your 11/17/75 letter on this subject, and tell you I am in complete agreement with you.

Bill Gettel at the Tigard Lab has done an outstanding job of developing an asbestos free formula at our Akron plant. Recognizing the difference between the two formulas, Bill will do the same thing for Acme and we will be in a position to benefit not only from his work but from the mistakes of our competitors.

D. C. C.
