CHICAGO BRANCH APPOINTMENTS MADE

The following appointments have been announced for the Chicago Branch: Robert J. Kovas becomes assistant branch manager in charge of metal department sales. He joined the Company in 1925 and has been Detroit office manager

for the past ten years.

William E. Williams becomes assistant branch manager in charge of the Kirk site die and engineering department. He started at the Chicago Branch in 1945 as a foreman and became head of the Kirksite die and engineering department a year later.

Arthur R. Millas continues as assistant branch manager in charge of ready-mixed paints, pigments and chemicals. He joined the Company in 1929 at the Car plant and in 1935 was transferred to Detroit. Mr. Millas was appointed sales manager of the pigment, oil and chemical department in 1948, and in September of this year became assistant branch manager.

SNEDECOR NEW COMPTROLLER FOR TITANIUM ALLOY

Frank B. Snedecor has been appointed comptroller of the Titanium Alloy manufacturing Division, replacing Malte Ericson, who is now heading accounting and administrative activities at the AEC Feed Materials Production Center near Cincinnati.

Mr. Snedecor joined the Company in 1944 as a General Office auditor.

FRANCY NOW ASSISTANT MANAGER OF INDUSTRIAL RELATIONS

Eugene V. Francy has been appointed assistant manager of industrial relations.

Mr. Francy started his career with the Company at the Sayreville plant of the Titanium Division in 1935. In 1945 he became personnel director there and two years later was appointed manager of industrial relations at the plant. He was transferred to the Company's industrial relations department in New York City last year.

PHILADELPHIA BRANCH APPOINTMENTS ANNOUNCED

Raymond H. Lentz has been named general superintendent at the Philadelphia Branch plant, succeeding Walter C. Nevin, who has retired after forty-seven years of service. Mr. Lentz joined the Company in 1934 at Philadelphia. He became superintendent of the metal department there before being appointed assistant to the plant superintendent in 1945, after his return from military service in World War II. Mr. Lentz has been production manager at Philadelphia since 1948.

George Hammond has been appointed supervisor of trade sales for the Philadelphia Branch. Mr. Hammond began his Company employment in 1933 in the painting promotion department there. He served in the armed forces during World War II, then joined the sales force in 1945.

Oscar Muller has been appointed production supervisor of the oil and resin department at Philadelphia. Mr. Muller joined the Company in 1945 as a paint research chemist in the Brooklyn research laboratories. In 1949 he was placed in charge of the oil and resin laboratory there.

BAROID HEADQUARTERS IN HOUSTON HAS OPENING CEREMONY

The official opening of the new Baroid Sales Division general office building took place on November 16 in Houston, Texas. Quartered in the new two-story steel and concrete building are the administrative, research and sales departments. The division completed its movement of personnel from Los Angeles in September. Attending from New York were Company president Joseph A. Martino and other officials.

WILLIAM H. MARTIN OF GENERAL ENGINEERING DIES

William H. Martin, an engineer with the general engineering department, died recently. He had been working on the expansion project at the Sayreville plant of the Titanium Division.

Mr. Martin, fifty-one years of age, began his Company employment at the St. Louis plant of the Titanium Division in 1945 and was transferred to general engineering three years later.

He is survived by his wife.
