Dept. 48/56 Operations Safety Performance

<u>Total Injuries</u>	<u>Nov. 1981</u>	<u>YTD</u>
Operators	1	2
Maintenance	1	5
Others	0	0

The monthly safety meeting for November was presented by Rich Coleman and Steve Lawless, from the Loss Prevention and Safety Dept. The meeting consisted of a "Scott Air-Pack Demonstration" and a brief refresher on the safe use and design limitations of the escape masks.

Safety tip for the month: Personal Protective Equipment should never be taken lightly. When a hazard exists, every effort should be made to have the proper protective equipment available to assure you of sufficient protection and safe working conditions.
