Dear Mr. Gerber:

This will confirm our telephone conversation regarding our inventory of asbestos containing calcium silicate.

As stated previously, we would like to liquidate our inventory of this material outside of the continental United States. Since your business is 100% export we thought you might be interested in our offer.

We would ship this material to you or your consignee outside the United States at only the cost of freight and a 15% handling charge. The material is plain, with no jacketing, and the list value of this material is approximately \$70,000.00. We have enclosed a list of sizes and quantities for your inspection.

As you are aware, our plant is closing and we are withdrawing from the calcium silicate market. It is for this reason that we ask you to give this your immediate attention.

If you have any further questions please do not hesitate to call me. I will contact you in a week to discuss further details.

Sincerely,

KEENE INSULATION DIV.
